Dear Friends,

As we reflect on what we've accomplished throughout 2023, we are inspired by our Palos Verdes Peninsula Village's strong community and continual ways we've come together to navigate the opportunities and challenges of aging. Thanks to our members, volunteers, and donors, the PVP Village fulfilled hundreds of service requests, hosted a wide array of activity programming, moved into a new office, hosted a successful in-person Upside of Aging, and welcomed wonderful new Village members and volunteers during this past year. Our active community was the key to these dynamic achievements – and we recognize that this good work was built through a strong spirit of collaboration.

The numbers included in this report represent a quantitative snapshot of what we've accomplished in 2023. But while they are important, they don't convey the qualitative aspect of what the Village fostered: friendships, care, fun, and support. Your involvement– whether as member, volunteer, or financial supporter – enabled these positive impacts, and we are so grateful for your ongoing commitment to our vibrant, caring Village.

Monique Sugimoto, Board of Directors Chair
Laura Diepenbrock, Executive Director

Who We Are

We are a nonprofit organization dedicated to creating a “community within a community” for older adults living on the Peninsula.

We are an active group who has joined together for connection, friendship, learning, and support. We offer a variety of opportunities to get together, and when we need help, members and dedicated volunteers are there for us.

Together we create new possibilities for what's next as we age.
